2023/3316/L	Christiane Ten-Hoopen	19/11/2023 09:43:36	OBJ	<p>Dear Nick Baxter,</p> <p>The interior of the existing listed building is austere and very much a period piece. It is relieved by brightly coloured doors with a striking diagonal design. We consider these an integral and important component of the interior. It is accepted that they need to be replaced for safety reasons. However, there are a great number of them and the replacements should be a bespoke product exactly matching the existing doors. The currently proposed doors with multiple horizontal windows are not stylistically appropriate and cause harm to the listed building.</p> <p>We therefore object to this application.</p> <p>Christiane Ten-Hoopen</p> <p>On behalf of the Bloomsbury Conservation Areas Advisory Committee</p>
