2023/4698/P	Belsize Society	29/11/2023 12:44:11	OBJ	<p>The Belsize Society has reviewed this application seeking retrospective planning consent.</p> <p>The structures that have been erected mean that virtually the entire rear garden area is covered by the pergola, decking hardstanding and artificial lawn. This is not in keeping with the Conservation Area guidelines or Camden policies on development in rear gardens. The development alters the balance and harmony of the property and its neighbours. It is not in harmony with the original form and character of the house</p> <p>It is over development and the application should be refused.</p>
