As a nearby resident living at 30 King Henrys Road, I object to the proposal to install a wheelchair platform/lift to the front door of number 44.  
I feel that this would be an unsightly and inappropriate addition to the front of an attractive 19C house. If this was needed for family reasons it would be a different matter but I feel that as the church with very good meeting rooms and facilities for the disabled is only 3 minutes walk away the meetings could be arranged there...  
we have lived here for 34 years and seen three vicars and families living in that house ..all excellent people and they seem to have managed very well without disabled access... Carole Cox
