The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Design and Access Statement; Site location plans;

(00\_)001; 002; 003; 004; 009; 010; 011; 013; 021; DRG001; DRG002; GG-303180-LDN DE-001 Rev A2; GG-303180-LDN 101 Rev A2.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The application site refers to a commercial premises located on the basement and ground floor on the northern side of Hampstead High Street. The building is identified as making a positive contribution to the Hampstead Conservation Area.

The proposal seeks to replace non-original solid timber shopfront entrance doors with glazed doors of the same size. The proposal is appropriate in terms of design and materials as it would respect the architectural features by maintaining the proportions of the shop frontage. The visual appearance of the shopfront is appropriate in terms of the detailed design and materials and is consistent with the variety of shopfronts in the context of commercial character of the street frontage. As such, the proposals are minor in nature and would preserve the character and appearance of the host building, wider street scene and Hampstead Conservation Area.

Given the minor nature of the alterations, they would have no detrimental impact on visual or neighbouring amenity in terms of loss of light, privacy, or outlook.

No objections have been received prior to making this decision. The sites' planning history was considered in the determination of this application.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s72 of the Planning (Listed Buildings and Conservation Areas Act) 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with policies A1, C6, D1, D2 and D3 of the Camden Local Plan 2017 and policies DH1, DH2 and EC2 of the Hampstead Neighbourhood Plan 2018. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. No. 020 7974 4444)

- 5 The correct street number or number and name must be displayed permanently on the premises in accordance with regulations made under Section 12 of the London Building (Amendments) Act 1939.
