

				Do not scale from drawings, use annotated dimensions only. Drawings represent spatial coordination intent. Contractor / fabricator is responsible for construction methods, structural integrity and performance of all elements.
				Design and positions of all fixtures and fittings are subject to specialist contractor shop drawings and confirmation on site. Drawing to be read in conjunction with all other relevant drawings and specifications by all design disciplines. The contractor is to verify all dimensions and levels on site prior to starting work or fabrication. This scheme may be subject to Town Planning and other necessary consents.
				undertake any element of the work without preparing the necessary RAMS. All works to be carried out in accordance with current health and safety regulations. All works to comply with current British and European standards and regulations.
