Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Flat A
23 Lyme Street
London
NW1 0EE

Proposal:

Erection of single storey rear extension and new doors at lower ground floor
Drawing Nos: Site Location Plan ST_AUG 23_23A LYM_000, ST_AUG 23_23A
LYM_001 Rev A, ST_AUG 23_23A LYM_002 Rev A

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 4 The flat roof of the single storey rear extension approved under 2023/3433/P shall not be used as a roof terrace, sitting out area or other amenity space and only be accessed for maintenance purposes.

Reason: To protect the amenity of adjoining occupiers and the area in accordance with policies A1 and D1 and D2 of the Camden Local Plan 2017

Informative(s):

- 1 Reasons for granting permission.

The proposal involves the erection of a part width rear extension and new rear doors located at lower ground floor. The extension, by virtue of its depth, height and width, would appear as subordinate to the host building. A suitable amount of rear garden space would be retained. It would be finished with brick and timber windows which would be sympathetic to the host and neighbouring buildings. The replacement doors on the rear elevation would be timber framed which is considered acceptable.

The extension would be located adjacent to the boundary with no 24. Given the application property is set back behind the depth of no. 24 by approx. 1.6m, and the scale and height of the extension, it is considered that there would be no adverse amenity impacts arising from the development in terms of loss of daylight and sunlight.

Given the scale of the extension, it is not considered to impact on the setting of the neighbouring listed building.

Special regard has been attached to the desirability of preserving the listed building, its setting and its features of special architectural or historic interest, under s.66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1 and D1 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully
