

Notes:	
Tree Protection Plan. This plan is intended to show the recommended location of tree protection measures onsite. This plan has been produced as per BS5837:2012 trees in relation to design, demolition and construction. This plan is to be viewed in conjunction with the Arboricultural Method Statement. This plan is intended to inform on the requirements for tree protection solely from the perspective of retained trees on or adjacent the site, of other parties should be registered with an Architect or Engineer. TJG Arboricultural Services have obtained the base map from outside sources and can accept no responsibility for any inaccuracies which may be present.
