Dear Elaine

Thanks for passing on our follow up

Please could I also kindly ask that you forward on the attached photographs to the land officer.

The photos show the site area as built (area HTTP 6 – 11 from the Jomas Report)

The area in question is not publicly accessible or accessible for the private use of residents of the building, it is purely a landscaped area for visual purposes but fully closed off from access.

The whole area is fenced so no one can access the area. It has a small locked gate for maintenance access only

To close this out could I please suggest a call with yourself and the land officer to discuss this as we cannot let this drag on again for another few months and it would be very simple to discuss in a quick call?

Please could you let me know when is a suitable time for this call

Many thanks

Daniel Woolfson
