Dear Camden Planning

I have been informed that the above planning application received approval by Camden Council on December 11 2023.

and at no point did I receive any information or advice from the leaseholder of Flat 8 that he was submitting a second round planning permission application for the extension of his flat onto the roof of the building, which is jointly demised to all leaseholders of the property. In fact, when I asked him if he was submitting a second set of plans he told me that he was not.

Please can you advise me as to how both I and my fellow leaseholders can register an objection to the planning permission he has now received on the basis none of his fellow leaseholders of the property, were not informed or given the opportunity to comment on the plans of Flat 8 to extend the dwelling on to the mutually demised roof area ?

Many thanks in advance for your help in this matter.

Kind regards,

Mary Keane-Dawson
