

## Tree work at 1 Alvenley Gardens

T1 2 Poplars in the front garden to be crown reduced to previous height which is removing 3m from the top.

Side of garden

G1 10 Lime trees to be pollarded to previous pollarding points.

Rear of garden

T2 1 Mimosa tree to crown reduce by 1m and shape.

This work is regular maintenance on these trees to help manage their shape and size.
