**Subject:** Application for permission for work on trees in conservation area.

Good morning,

I am sorry to bother you but nowhere could I find a link to make this application online, hence this email.

I wish to carry out my usual biennial tree reduction in my garden at 46A Parliament Hill, NW3 2TL with a 30% reduction in height of each of three trees

1 A Eucalyptus

2 A mountain Ash

3 A silver Birch

as shown in the attached map.

I would be grateful if you could send permission soon so that I can book a tree surgeon.

Thank you

Best wishes,

Terry King ,
