Dear Planners and Tree Officers,

List No 768. 20/11- 26/11/23

No tree applications

List 769. 27/11/-/4/12/23

2023/5208/T

Mortimer Terrace Nature Reserve

Dead and Dying 5 day Notice, T1- T4 x Sycamore, fell to ground.

No objection as are dead and dying.

2023/5044/ T

The Studio, 83 Dartmouth Park Hill

No objection to the reduction of the Fig (T1), and Sycamores (T2 and T3) as routine maintenance.

No objection to the felling of the dead Lilac tree (T4).

No objection to the removal of the epicormic growth on the Lime (T5)

2023/5045/T

1, Dartmouth Park Avenue

The very low front wall needs to be rebuilt with new coping stones as at No 3 Dartmouth Park Avenue to the right of the photograph.

Suggest pollarding the 4 Lime trees (T1 - T4), rather than removing the trees to ground level as requested and possibly granting TPOs. However, I appreciate the insurer's problem created by the tree roots.

List 800. 11/12/23

2923/5143/T

13 Glenhurst Avenue

No objection to the maintenance work on the Acacia (T1).

Thank you so much for granting a TPO on the Copper Beech tree (2023/3639/T).

Best wishes,  
Eileen Willmott
