Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.

Details of the pre-application advice received
Pre-application advice was received from LBC on 29th November 2023 which concluded that the proposed flexible use for commercial and education use would not affect the economic vitality or viability of the area, and although over 1000 sqm. of office floorspace would potentially be lost as a result of the proposed change of use, the quantum of floorspace was considered to be relatively modest given the overall supply of additional office floorspace within the building as part of the wider development.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
