Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
Apartment 401
226 Arlington Road
London
Camden
NW1 7HY

Proposal:
Installation of 2 new rooflights on roof of flat 401
Drawing Nos:

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: 2123_A_P10.100 Rev A, 2123_A_P10.101, 2123_A_P10.102, 2123_A_P20.102

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission:

The proposal includes the installation of two rooflights, both on the main roof. One will be located next to an existing rooflight (centrally placed). It will be the same size, design and would be fixed shut. The other rooflight would be to the south of the roof slightly larger and would be electrically openable.

They would be minor features within the roof to add more light and ventilation to the flat accommodation. Rooflights are typical in the area and are evident on several other properties and buildings, in varying sizes. The proposed rooflights are considered acceptable in design, size, number and location.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers in terms of light, privacy or a sense of enclosure.

No objections have been received prior to making this decision. The sites planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1 and D1 of the Camden Local Plan 2017, the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works.
