Dear Stephen

Quotation Ref: LAL.15193.12.23

Project Ref : 14 Highgate West Hill - re quote

Following our survey, I now have the pleasure in submitting our quotation together with the relevant product specification for the supply and installation of one **Ascendor PLG7 v.2** platform stair lift at the above project address

The Ascendor PLG7 v.2 is a premium Platform Stair Lift designed for straight line staircases. The product utilises technologies not utilised by any other product of this type, including an on board graphic display to keep you fully informed, pictorially of the operational status, fold down arms which are automatically stored behind the platform when not in use. Touch sensitive buttons on the platform have been designed for use by those with limited hand mobility and a logic controlled LCD display on the platform provides information on the status of the lift at all times.

Our offer includes for a site survey, builders work drawings, a pre installation site check, manufacture, installation and commissioning, and 12 months warranty and servicing. All of this will be taken care of by our experienced team to help ensure your project runs smoothly.

Our price is made up as follows:

£13,084.58	Supply / Installation / Test & Commission PLG7 Platform Lift
£327.11	2.5% PPD (Prompt Payment Discount)
£12,757.47	Total Amount Payable excluding VAT

We trust you will find this quotation to be of interest. Should you require any further information, please do not hesitate to contact us. We look forward to hearing from you in the near future.

Yours sincerely

Naomi Pennells

Clients Responsibilities

Power Supply	Provision of a dedicated 240V 50Hz single phase supply fused at 13 amps and terminating in a switched spur outlet or a lockable isolator, which can be positioned at either landing. This is to be made available prior to installation of the lift.
Main Contractors Note	<p>Due to the limited time given to return your tender, we have not at this time been able to prepare a detailed response to the proposed conditions of contract.</p> <p>Should our quotations prove favourable, we would be most willing to prepare a full response to the tender documentation. In the meantime, we have submitted our quotation on the basis that any order will be placed on our terms and conditions.</p>
Compliance	Our lifts are built to Part M2 of the building regulations, and, more importantly, they comply with the statutory requirement of our industry The European Machinery Directive. In other words, you will have a lift that conforms to all the relevant Standards and Directives.
Web Information	Please visit our website for further information: https://www.levellifts.co.uk/products/straight-rail/
