2023/4757/P	Alison Kemp	27/12/2023 16:56:50	OBJ	<p>As a local resident of 40 years, I object to the visual impact of the proposed design finishes and increase in the foot print of the current building proposed to be demolished and replaced by plant room 1, in contravention of Camden's policies.</p> <p>I strongly object to the installation of noise generating equipment in the plant rooms and other parts of the building, in contravention of Camden's policies.</p> <p>I am also concerned that there will be an increase in light pollution, based in part from my experience of the developer's previous occupation of offices near my house where lights were commonly left on throughout the night, in contravention of Camden's policies.</p>
