2023/5334/T	B A Abraham for The Belsize Society	29/12/2023 10:46:06	OBJ	<p>For The Belsize Society: this is a tall, mature lime tree at the front of the property and it is highly visible from the street. It is the first/last tree in an attractive, prominent row of (lime?) trees on the same side of the street, Belsize Square. There are no trees nearby on the opposite side of the street so the removal of this one tree would have a significant deleterious effect on the streetscape.</p> <p>The damage to paving stones and steps could easily be remedied without felling the tree and alternative solutions should be found. The tree would appear to be considerably older than the property and it should be preserved for the future benefit of the neighbourhood.</p> <p>We object to the felling of the tree and request that the tree is protected by a TPO. We further request that TPO status is given to all the trees in the row of mature trees along Belsize Square, of which this tree is one.</p>
