

PETITION

We the residents living in the streets surrounding 3-7 Delancey Street, NW1 7NL (The Forge/Jungla) object to their application 2023/3285/P in its entirety, on the grounds that later operating hours will bring noise disturbance to an area with a high density of domestic housing. This in turn will affect local residents well-being and mental health.

As for the type of business currently being run, this establishment already serves alcohol and food and has a varied programme of live music and events. They are fully able to continue to operate in the future and put on the types of events that they wish for, without the need for a change of use of the building itself.
