Dear Planning Department Team

Kentish Town Health Centre 2 Bartholomew Road London NW5 2BX

Planning Reference 2023/5388/T & Planning Reference 2023/5427/T

I have been alerted that there appears to be a mistake in the above two Planning Applications.

These applications are asking "re-pollard 8 x plane trees to previous points" but apparently these trees were not previously pollarded but were **Crown Reduced**.

Please can you ensure (should you approve these planning applications) that your approval is for **'Crown Reduction To Previous Points'** (and not pollarding).

I love the trees in our area, (though sadly so many of them - in Lawford Road especially - have been recently pollarded) and I do not want these trees at Kentish Town Health Centre to be pollarded....

Yours sincerely
Sue Odell
