Planning Department of Camden Council

I wish to raise the following concerns about the building works planned for 9 Gainsborough Gardens :

1 .Delivery of materials and disposal of waste Will deliveries and disposal of building waste be done within Gainsborough Gardens ?

As a resident of Christchurch Hill, I have concerns about the potential impact on traffic on this road.

2. Summer house

The plans indicate a substantial structure (W 4.1 x L5.1 x H2.5 metres) which will be an imposition on neighbours and the view of the property.

3. Heat pump

What is the noise rating of this device ?

I understand some of these devices can be noisy and this would be a nuisance for neighbours.

Regards, Paul
