**Subject:** Planning Application to reduce Trees around Kentish Town Health Centre

RE: Kentish Town Health Centre 2 Bartholomew Road London NW5 2BX.  
Planning Ref's 2023/5388T & 5427T.

To: The Planning Department. Camden Council.

I am writing concerning the above Planning Applications.

I am a resident at address 32 Bartholomew Villas. I note that in 2021 these trees were crown lifted to previous points.

I write to bring to your attention a discrepancy in the above Planning Applications.

The Applications refer to re-pollarding all trees to 'previous points' but according to your records these trees were not previously pollarded but crown reduced.

I request that if you approve the applications would you please make it clear that the approval is for crown reduction to previous points not pollarding.

Thank you.

Yours sincerely,

Judith Cook

Resident: 32 Bartholomew Villas, NW5 2LL
