2024/0105/T	Christy Rogers	18/01/2024 21:20:05	OBJ	<p>This application has been made for works to the trees in my garden without notice to me, which is at best very discourteous.</p> <p>The works will by their nature result in a lot of debris dropped into my garden. Permission should not be granted without satisfactory undertakings in place for the applicant to seek access to my garden in order to clear it, and for the clearing to be done carefully and properly, under supervision.</p> <p>Last year the applicant (MoD) slopped weedkiller all over my trees, climbers, and shrubs at the foot of the boundary wall on my side. So I have no confidence that these works will be carried out with due care unless supervised.</p>
