

Dear Sir/Madam,

As a resident of Howitt Road I wish to register my opposition to Planning Application 2023/4603/P for a large summerhouse being erected in the opposite garden to the right of my dwelling. The building is an absolute eyesore and so large that it cannot be ignored. It's a blot on our landscape. Please ask the resident responsible for this to take down the building altogether.

Photographs of the summer house have been featured in the Ham and High link I've included below:

Thank you for your help.
