Hi,

1 Hilltop Road NW6 directly overlooks my garden. I became aware today, that my neighbor at this address is applying for planning permission to build a new structure. This building will stop all light from entering my garden. As well as blocking all light to my garden as well as my neighbors gardens, the new building has most of the windows facing the rear of the building directly overlooking my garden. If this building is allowed to be built, all the gardens will go dark, and I will lose what little privacy I have.

What can I do to object to this proposal?

I am very upset and concerned.

Sincerely,
Bonnie Copp
