Dear Planning Team
Ref: 2024/0078/T

I object to the above application because the applicant has not stated what will replace these trees.

The form says: *“where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.”*

The applicant has not completed the above section.

Thank you for taking my point of view into consideration
