Dear Sirs,

I wish to object to the proposal of forming a roof dormer at 3 Baynes Mews.

The new dormer is likely to have a vertical window facing my property, 14 Belsize Park Mews, adjoining the host building along the rear party wall. This window, being at my roof level and only a few inches from the boundary between my house and the host building, will badly overlook my currently flat roof and may bar me from forming a roof terrace or a roof extension in the future. In addition, such a window may gain 'right of light' in the future, effectively blighting my house.

Best regards,

Thomas Gliszczynski  
14 Belsize Park Mews  
London NW3 5BL
