- Elevation Survey Notes:**
1. Survey undertaken to accuracy stipulated as per band E within the RICS guidance code for Measured Survey of Land, Buildings and Utilities, 2nd edition.
 2. Dalcour Maclaren have undertaken this survey as per the original instruction and accept no liability for any inaccuracies of the report beyond those specified. Alterations, scales or accuracies, or for any matters resulting from their use for purposes other than that stated in the instruction.
 3. Survey data is contained to the area specified/provided; all reasonable efforts were made to obtain all data but obstructed areas or areas with no access were not surveyed and are highlighted in pink.
 4. All survey data is recorded to a local grid and arbitrary datum of 25m.
 5. Elevation details have been measured using Laser Scanning technology, only detail that can be captured from the Laser Scanner location at ground level is shown. Where indicated, detail will be positive.
 6. Dimensions should not be scaled. All dimensions should be checked on site before any works commence.
 7. The information contained in this document is confidential and protected by copyright. The use, copying or disclosure to third parties without written or oral consent is prohibited.
 8. Information provided should not be altered or modified in any way. It should not be used for any purpose other than that for which it was intended and should not be issued to other parties without prior agreement of Dalcour Maclaren.
