

GENERAL NOTES

1. Before commencing any work on site refer to the risk management drawings and/or registers.
2. This drawing shall be read in conjunction with the distribution schematics/schedule and internal schematics.
3. This drawing is for design intent only. It is the contractors responsibility to produce working drawings of all services.
4. This drawing shall be read in conjunction with the architectural, structural and civil engineering services specifications and schedules.
5. Do not add to these drawings. Refer to architectural drawings for setting out and dimensional data. Any dimensions indicated on these drawings are indicative.
6. No installation shall occur before co-ordination has been discussed and agreed between the installing contractors.
7. Any discrepancies found must be reported to Whitecloud for clarification.
