2023/4898/P	J. Stevens	13/02/2024 08:46:25	COMMNT	<p>While very sympathetic to the circumstances of the owner of this property some members of this Association report that they are very concerned about the height of the proposed extension and, more particularly, the proposed roof terrace. It is felt that the latter creates a dangerous precedent and is contrary to the requirements of the Hampstead Village Conservation Area. Even though set furtehr back than on the previous application it is felt that it will still cause overlooking to other properties. In addition several feel that the proposed extension represents over development of the sit which is already very small. It has been sggested that an internal lift might help make the upper floor more accessible.</p> <p>Rudall Crescent Residents' Association</p>
