Subject: Re application 2024/0363/T

Hi,

I am writing to object to the planning proposal under application no. 3024/0363/T to fell a mature pine tree.

The tree forms an integral part of the 'green corridor' running along the downside crescent / lawn road area. Removing it would be a notable loss. It's also unique in its character. Removing it would set an unwanted precedent for other trees in the vicinity to be removed.

Regards,

Amy
