Details of the pre-application advice received

Relevant Site constraints:
The site is identified as making a positive contribution to the Fitzjohn's and Netherhall Conservation Area
Feedback:
The decorative railing above the wall should be removed, as this creates visual clutter which appears incongruous and defensive. The height of the gate and ornamentation should be reduced/simplified. The black metal gate should be no higher than the brickwork. A revised proposal that does this may be supported at application stage
What to submit for a valid application:
Planning application forms can be completed online through the National Planning Portal www.planningportal.gov.uk.
For a valid application, I would advise you to submit the following: A completed application form (Full planning) An ordnance survey-based location plan at 1:1250 scale denoting the application site in red Elevations, floor plans, sections labelled 'existing', 'demolition' and 'proposed' (with a scale bar on the drawing) – it is noted that the existing and proposed drawings should be provided in a single PDF or two separate PDF documents, rather than as single drawings The application fee A design and access statement (a short statement explaining the design thinking behind your proposal) Please see supporting information for planning applications for more information. All PDFs submitted via the Portal should be labelled so it is clear what the drawing or document relates to without opening the PDF (e.g. existing front elevation). Conclusion: The current proposals would be refused on the basis of harm to the character and appearance of the front boundary and the Fitzjohn's and Netherhall Conservation Area, as it would harm the original character of the front boundary by removing historic brickwork and adding an overly scaled and fussy metal gate and railing. This would be contrary to Local Plan policy D1 (Design) and D2 (Heritage). The design of the gate needs further refinement, as is discussed above.
Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
t is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
