**Subject:** 24 Endell Street London WC2H 9HQ (2024/0223/P) - Objection

To Whom it May Concern

I live opposite the building associated to the above application and wish to object to this application. I live in flat 3, 31a Betterton Street, WC2H 9BQ.

I object on the basis that the current design does not provide adequate height at the windows to prevent people looking into the opposite residential apartments. The current height is shown as only 1.6 metres (5' 3") above floor level. I will withdraw my objection if the application were modified to take the top of the manifestation up to a height of 1.83 metres (about 6') on the windows.

Regards

Martyn
