Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

A structural survey was carried out in May 2023 and has been included in the planning application. It found that the property is in a dilapidated and uninhabitable condition with dry rot to structural timber, and extensive damp. Asbestos is identified for removal and the presence of services infrastructure is ambiguous. Furthermore the windows, roof and gutters require wholesale replacement. There is also evidence of ground movement resulting in damaged brickwork to the building and the hardstandings.

In light of the the inherent deficiencies described in terms of environmental impact, quality of internal environment and limited elements of the original building which might be salvageable, the report recommends that the building is best considered beyond its useful service life and is now best wholly demolished and replaced with a new structure in its entirety.

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

- ☐ Yes
☒ No

Please add all the exemptions or transitional arrangements that apply and provide a reason why

Exemption:

Temporary exemption for non-major developments (small sites exemption)

Reason for selecting exemption:

Exempt as it is a small development for a single dwelling replacing an existing single dwelling

Note: Please read the help text for further information on the exemptions available and when they apply
