To the planning team at Camden Council

I am writing to comment on the above application for Tranley Mews NW3 2DG and do not wish to have my name and address publicly displayed on your website. I have some questions which I would be grateful if you will please answer.

I would like to point out that the majority of the area is currently used as a car park so where are the staff/visitor/cars & delivery vans going to park if the proposal is to have just one parking space? It is already a problem for cars going in and out of the mews on heavily congested Fleet Road, especially with ambulances getting stuck in the traffic.

Another question I have - is the proposed seating area going to be non smoking? If not, i will most certainly object. I own [REDACTED] and can only open my back windows for ventilation (rarely the front windows due to the pollution on Fleet Road). The same goes for [REDACTED] Cigarette smoke would enter through the windows which is unacceptable. Smoking has been an ongoing problem for some time now but since a neighbour has installed no smoking signs on our buildings the problem has lessened and I want to make sure this continues.

I look forward to your reply.

Yours sincerely
