Dear Sir/Madam,

Phase 1, The O2 Masterplan, Finchley Road, London NW3 6LU
Submission of Details for Approval by Condition M22 pursuant to Planning Permission ref. 2022/0528/P

We write on behalf of LS (Finchley Road) Limited (the "Applicant"), to submit an application to formally discharge Condition M22 in relation to Phase 1 pursuant to planning permission reference 2022/0528/P at The O2 Masterplan Site, Finchley Road.

Background

Planning permission (2022/0528/P) was granted on 20 December 2023 for:

"Detailed planning permission for Development Plots N3-E, N4, and N5 and Outline planning permission for Development Plots N1, N2, N3, N6, N7, S1 and S8, including demolition of all existing structures and associated works, and redevelopment to include residential development (Class C3), commercial, business and service uses (Class E), local community uses (Class F2), and Sui Generis leisure uses (including cinema and drinking establishments) together with all landscaping, public realm, cycle parking and disabled car parking, highway works and infrastructure within and associated with those Development Plots, in accordance with the Development Specification.

For the avoidance of doubt, the Detailed and Outline planning permission are separate and severable for each of the Plots shown on plan P011 and the description of development on any decision notice issued pursuant to the application would reflect that."

Condition M22

Condition M22 states:

"The development hereby permitted shall not be commenced on a development plot until detailed design and method statements demonstrating that there is no impact on Network Rail infrastructure have been submitted to and approved (in consultation with Network Rail) in writing by the local planning Authority."

A Demolition Method Statement and a Construction Phase Health and Safety Plan have been prepared by Colemans and have been submitted with this application.

The submitted documentation has been submitted to Network Rail and is undergoing consultation with Network Rail. A final agreed method statement will be subsequently submitted prior to works commencing. Therefore, we consider that we are in compliance with the requirements of Condition M22 in relation to Phase 1, which should be discharged accordingly.
