Explanation for Proposed Demolition Work Why is it necessary to demolish all or part of the building(s) and/or structure(s)? The existing dwelling is in very poor condition and is in dire need of modernisation. The dwelling is in a state of disrepair and requires investment, and significant improvement, to get back into a good condition and optimise its viable use. The current state of the roof is beyond repair, which has led to severe structural damage throughout the house. The entire roof would need to be replaced. Rainfall results in the house being inundated with water, resulting in a very hazardous dwelling that is frankly inhabitable at present.
