No one else has an awning in this area and I think it will detract from the beauty of this little street. Its nice to be able to walk up this road and admire the lovely fronts. If they had canopies Im sure that the general public would not be too pleased when it did rain, to find that the rain from the canopy would be dripping on them in themiddle of the pavement.</p> <p>Its a lovely little area and the last thing we need is for ugly canopies to take over in this area. Once one starts they all start!</p>
