2024/0377/P	Frank Boggi	07/03/2024 16:17:46	OBJ	It doesn't seem the right place to install a cycle hire docking station .It's right outside the Spread Eagle pub ,exactly in front of their cellar hatch, which is used for their deliveries, notably beer barrels.If the proposed scheme goes ahead, delivery vehicles will park round the corner on Parkway,causing congestion, more pollution and extensive damage to the footpath as they roll the heavy beer barrels across the pavement. I think it would be far more sensible to install a docking station across the road outside nos124-126.
