Subject: Applications 2023/4648/P & 2023/4903/L - British Museum, Great Russell Street, London.

Dear Elaine

We write with respect to the above applications for listed building consent and planning permission at the British Museum.

We are the long leaseholder of 22,24,26,28,30,34,36,40,42,44,46,48,56,58 and 60 Bloomsbury Street as well as 90,91,92 and 93 Great Russell Street, which all back directly on to the Museum.

We have reviewed the application drawings and supporting documents.

As an organisation we are fully supportive of the Museum's aspirations to consolidate its staff support accommodation but more importantly its commitment to substantially reducing its carbon emissions, by replacing its outdated infrastructure with new modern fit for purpose efficient energy systems. We understand that this is the first step towards Zero Carbon for the Museum but the primary infrastructure will be essential in helping the Museum transition the rest of the estate and delivering further energy savings.

We also support the high quality design of the proposed buildings, which would sit well in their context and reflect their intended purposes.

We trust that members will support the proposals, which in our view are to be whole heartedly welcomed.

Yours sincerely,

Jason Smith
Consultant
