Re: PP-12659528 for the Alexandra Road Estate – Heating Infrastructure works

Dear Elaine,

I'm writing as we discussed to provide you with additional detail regarding the proposed design of the boosted cold-water supply as shown on the attached documents for the Listed Building Consent and Planning Application drawings for the Alexandra Road Estate – Heating Infrastructure works.

The enclosed drawings do not change the proposed arrangement of the water system shown on the previously submitted drawings, but do add additional detail to the proposals – particularly to the service-road side of block A.

I hope these are clear, and I'd be glad to answer any queries that you may have, of course.

Kind regards,

Kimbo Fidelo Sito
Architect
