# **Description of the Proposal**

Please note in regard to:

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements</u> or <u>access the fire statement template and guidance</u>.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

#### Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

The proposal is to rectify the above issues through a replacement terrace/roof build up, along with ancillary remedial works. Works will include:

- · Stripping back brick paving and subbase to original starting point (Figure 3) pre-2011.
- · Providing a new Bauder Inverted roof system as detailed in appended specification, including new walk on roof light, finished with a spacer and paving system to improve aesthetics and ensure the proposal is in keeping with the surrounding area. Paving to be York Flagstones (see Figure 5 below, and appended datasheet). Improved surface drainage beneath pavers to aid in dissipation of water and avoid ponding and algae growth (see Figure 2).
- · Providing a new Bauder system approved walk-on rooflight to provide the basement with natural light without compromising the water-resistance of the basement. The walk-on rooflight will be of similar size to the existing rooflight but square rather than rounded.
- · Injection damp proof course installation externally at low level to Nursery main wall brick work, above new roof upstand
- · Internal repairs and redecoration to areas affected by dampness.
- · Timber repairs to porch due to rot. Alteration of roof and guttering to prevent overspill which is currently occurring. Lead to be stripped, perimeter kerbs raised, lead reinstated.

Has the development or	work already been	started without	consent?

Are there trees or hedges on the proposed development site?
<ul><li>✓ Yes</li><li>◯ No</li></ul>
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Ores
⊗ No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>⊙ No</li></ul>
b) Designated sites, important habitats or other biodiversity features
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>⊙ No</li></ul>
c) Features of geological conservation importance
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>② No</li></ul>
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.

Trees and Hedges

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?
○ Yes ⓒ No
Please add all the exemptions or transitional arrangements that apply and provide a reason why
The state of the s
Exemption:  Development subject to the de minimis exemption (development below the threshold)
Reason for selecting exemption:
This is a development that does not impact a priority habitat and impacts less than 25 square metres (e.g. 5m by 5m) of onsite habitat, or 5 metres of linear habitats such as hedgerows. This project is a window repair project and has no impact on habitats.
Note: Please read the help text for further information on the exemptions available and when they apply
Open and Protected Space
Please note: This question is specific to applications within Greater London.
The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999</u> .
View more information on the collection of this additional data and assistance with providing an accurate response.
Open Space
Will the proposed development result in the loss, gain or change of use of any open space?
○ Yes ② No
Protected Space
Will the proposed development result in the loss, gain or change of use of a site protected with a nature designation?
<ul><li>○ Yes</li><li>⊙ No</li></ul>
Waste and recycling provision
<b>Please note:</b> This question contains additional requirements specific to applications within the Greater London area. The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999.</u>
View more information on the collection of this additional data and assistance with providing an accurate response.
Does every unit in this proposal (residential and non-residential) have dedicated internal and external storage space for dry recycling, food waste and residual waste?  Solvential and external storage space for dry recycling, food waste and residual waste?
○ No
Residential Units
Please notes: This question contains additional requirements specific to applications within Greater London.
The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999</u> .
