2024/0030/P	Natalia Schiffrin	21/03/2024 19:13:34	COMMNT	<p>I object to this application for several reasons.</p> <ol style="list-style-type: none">1. Reduction to local housing: it is my understanding that the present structure has 21 habitable rooms and has previously housed a number of residents. I understand the proposal would markedly reduce this.2. This is a listed building and I believe the proposed work would harm the building without providing any public benefit. This building is of historic significance due to Charles De Gaulle's wartime residence there. I have toured the building and consider it to be of importance.3. I am very concerned that the basement proposal does not comply with Camden policies, is very deep and has not been subject to appropriate risk assessment
