There is no assessment of its height or age to assess its intrinsic merits.</p> <p>Unfortunately we have not had an opportunity to go and look, but from previous observations and from StreetView, it is clear that the stand of trees on this sharp corner provides a significant focal point for the view from Millfield Lane. It is the tall, 'pointed' trees, which provide the focus. Replacement planting with a garden tree, would change the character of this part of the Conservation Area.</p> <p>The owner of Apex Lodge has already felled a red cedar, 2022/1096/T and the owner of Haversham Place has felled the trees fronting Fitzroy Park.</p> <p>We object to the felling of another tree in this area.</p> <p>Louise Lewis for Highgate Neighbourhood Forum</p>
