2024/0479/P	Jonathan Root	23/03/2024 08:33:11	COMMNT	<p>The design is bad and copying the shape of The Roundhouse is not very clever! You should insist that they use a better Architect such as Ron Arad (opposite in Chalk Farm Road) The existing very fine Brutalist building (built for London Transport Police) was build by architect Richard Seifert (Centre Point,One Kemble Street,The Park Tower) and should be kept,re-developed and listed! The Roundhouse site has been massively overdeveloped,the shipping containers i think are hideous.Shame on you all, stop ruining Camden and the whole of London.As we know this will be steamrollered through (as with the dreadful Camden Goods Yard/Morrisons site) because The Roundhouse is housing more high paying foreign students.There are too many students in Chalk Farm full stop!</p>
