Hi,

I received these from the agent representing the client.

Does this satisfy the requirements?

Regards

Mike

Morning Mike

See below images as requested of existing handles.

My client is going on holiday (booked last year) this coming July to allow the windows to be stripped out and replaced, for this to happen **I must place my order by next week** if not we can't get any Crittall supplier to manufacture in the timeframe as they all require 14 – 15 weeks including survey and drawing sign off, if i miss this date there will be repercussions from the client I'm sure.

Please relay the above to Mirriam we need this to be closed out this week.

I am meeting our current appointed specialist on site tomorrow to run through again all details between existing and proposed any issues raised I will flag to you but currently we don't believe there are any, my brief to them all has been match identically or as close as is possible using Crittall system only.
