## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

the project involves a minor reduction of blanked in windows, behind which are kitchen cupboards. the area of the blanked in windows to be replaced by rendered brick supporting smaller windows.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C4 - Houses in multiple occupation

### Information about the proposed use(s)

Select the use class that relates to the proposed use.

C4 - Houses in multiple occupation

Is the proposed operation or use

- Permanent  
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The glazed section of the kitchen fitted when the house was converted into flats in the late 1970s has rotten wood that needs to be replaced. The design was irrational with blocked in glass at the base of the windows behind kitchen units in a corner section. The proposal would provide a continuous wooden window base for all of the windows, with a small section of rendered brick below. This would be an aesthetic and rational improvement of the existing design and provide greater insulation. This is a small section at the back of the house which can only be seen from the back garden. It cannot be seen from Camden Square.

The replacement windows for the whole of this section of the kitchen will be double glazed to improve insulation.
