2024/0496/P	Omer	29/03/2024 17:02:26	COMMNT	I support this proposal as cycling is a positive way to move around the city and this docking station would make cycling more accessible to cycle around the city!
2024/0496/P	Heidi Ober	29/03/2024 14:19:24	OBJ	<p>Dear Sir/Madam,</p> <p>I would like to say that I do not think that the cycle docking station should be installed here. There is not a need for it. We already have a parking station for bikes and scooters located outside of 103 Camley street. Therefore, the additional Santander station is unnecessary. It will also cost a lot to install and maintain. This money could be better spent on other things.</p> <p>Thank you.</p>
2024/0496/P	Chris Poulton	29/03/2024 14:44:48	SUPPRT	I fully support this installation. It will promote active travel and help make the borough more sustainable. I would like to see this lead to more provision for cyclists along Camley street.
