May I register my strong objection to this planning application on the following grounds:

- 1) It is substantial and inappropriate overdevelopment which will result in yet further loss of open space in a conservation area.
- 2) If this application was permitted the overall size of the property as further developed would be out of keeping with the neighbouring properties and the character and appearance of a historic street.
- 3) It would result in a disproportionate intrusion upon neighbours, both visually and from increased light pollution in an area which is comparatively free of excessive lighting.

I would urge the Council to reject this application in its entirety.

M.Dennis
