(Date must be pre-application submission)

Please provide a brief description of the building or part of the building you are proposing to demolish

Minor partial demolition of side wall of the existing outrigger at basement and ground floor level. The wall features multiple drainage pipes which are proposed to be relocated in a more sympathetic manner.
--

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

To create a usable space within narrow and restricted outrigger area. The outrigger currently can be used only as a toilet and a small utility. The proposed alterations and partially demolition of only 5.5cu.m in total over two storeys will facilitate a space that is more suitable for the modern family needs.
--

Listed Building Alterations

Do the proposed works include alterations to a listed building?

- ☒ Yes
☐ No

☐ Yes

☒ No

If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

Total of 13.0sq.m / 5.5cu.m of external walls to be demolished - only at basement and ground floor level to the side of the rear outrigger to create an opening between infill extension and existing building. This demolition will not be visible from the outside as it is on the flank wall of the outrigger.

The wall features multiple drainage pipes which are proposed to be relocated in a more sympathetic manner.

Internally only minor alterations are proposed.

At ground floor level the existing reception door is proposed to be sealed shut in situ and covered with wall finishes to match existing.

At second floor level the non original staircase to the loft and its enclosure is proposed to be improved and a bathroom is to be created between two second floor bedrooms. The bathroom enclosure will be constructed out of lightweight timber stud that can be easily removed.
