Subject: Eileen W's comments on Dartmouth Park's planning applns 12/4/24

Dear Planners and Tree Officers,

List 781. 18/3/24 (11-17/3/2024)

2024/0606/P and 2024/0719/L

14, Grove Terrace NW5

I have read the SJ Stephen's Associates Arboricultural Method Statement for root protection areas (RPAs) and other landscaping works in the rear garden. I personally do not object to the proposed work as it increases the green areas and reduces the hard standing, the latter using only reclaimed York stone pavers. No tree work is proposed, but the planting of low evergreen hedges with perennials.

List 782 25/3

18/3 - 24/3/2024
